DESCRIPTION

Increase the sense of safety in and around your house knowing that the Eminent IP Camera keeps a close eye on your belongings. The Eminent CamLine Pro delivers sharp images thanks to the Full HD sensor, IR Cut Filter and infrared LEDs. You can see 24/7 what is happening. Connect the PTZ Camera in only three steps to your wired network or use the WiFi Smart Config function to connect the EM6330/EM6331 easily to your wireless net-work. The free CamLine Pro app lets you control the IP camera from all over the world. You even can let the EM6330/EM6331 CamLine Pro watch over your baby in its bed. If the camera detects any movement you will receive a push notification or an email with a picture of the suspicious movement. The Pan/Tilt/Zoom Full HD IP Camera records the images on a micro SD card or NAS. There are no subscription or monthly fees required.

Ready to use in 3 steps
The EM6330/EM6331 Full HD IP Camera is ready to use in only 3 steps. First, connect the IP camera to the Internet. Second, download the free CamLine Pro Android/Apple smartphone app. Finally, you need to scan the unique camera code, fill out the password and you are ready to control the Full HD IP Camera with the app from everywhere in the world.

Easy wireless setup with WiFi Smart Config
The WiFi Smart Config function is especially developed to ensure a quick wireless configuration of the EM6330/ EM6331 You only need to open the app, wait for the sound to play from the camera and fill out the WiFi password. The free CamLine Pro app will do the trick and the camera is connected with the wire-less network. You can connect the camera with the wired network as well.

Full HD sensor and IR Cut filter for clear images
The EM6330/EM6331's built-in 1080p Full HD sensor and IR Cut filter ensure excellent images. Even at night. The infrared LEDs will switch on automatically once it starts too get dark. You will have perfect ima-ges both day and night.

PTZ camera
The EM6330/ EM6331 Full HD IP Camera has an extremely wide viewing range. The IP Camera overlooks 360° because of the lens' wide viewing angle, the horizontal movement of 355° and a vertical movement of 120°. Thanks to the 3 times digital zoom you are keeping even a closer eye on your belongings. You can use the free CamLine Pro app to control the PTZ functionality.

Receive push notifications and email
Does the CamLine Pro Full HD IP Camera detect any movement? The EM6330/ EM6331 will send a push notification to your smartphone and/or send an email with a picture to your email address.

Photo and video evidence stored on a micro SD card, NAS or FTP server
Insert a micro SD card into the camera to store all video images. It is also possible to save the images via a FTP server, Synology NAS, QNAP NAS or ASUSTOR NAS as the camera is listed in the Synology Surveil-lance Station, QNAP Surveillance Station and ASUSTOR Surveillance Center.
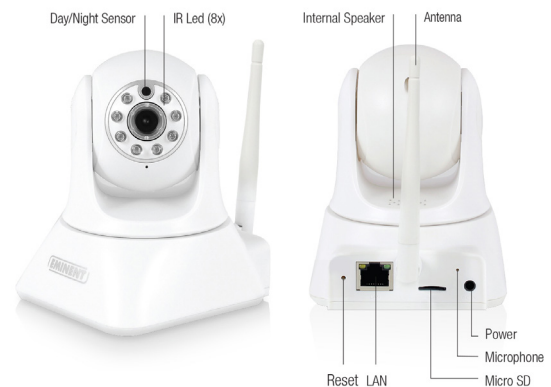

Two-way voice communication with built-in microphone and speaker
Are you curious about the activities in your home? Listen along and speak back via the CamLine Pro app. The built-in microphone and speaker keep you up-to-date of all events.
