Story

Connect up to three USB-A devices to a notebook with USB-C via the AC7052 USB-C 3.2 Gen1 Hub and Card Reader. The SuperSpeed AC7052 also has a SD/micro SD card reader for transferring your pictures and files to and from memory cards. The USB-C Hub and Card Reader has a Power Delivery Pass-Through port (max. 60W) and a foldable cable.

Connect USB-A peripherals to a notebook with USB-C

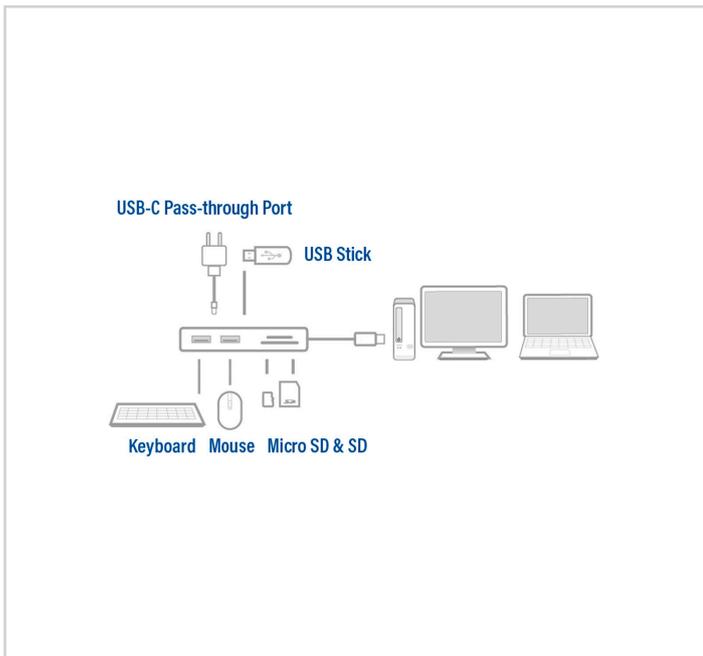

Use the AC7052 USB-C SuperSpeed Hub to connect USB-A peripherals e.g. a keyboard, mouse and USB stick to a notebook with USB-C. Thanks to USB-C 3.2 Gen1, the data transfer speed is 5Gbit/s.

SD/micro SD Card Reader

The AC7052 includes a SD/micro SD Card Reader. Transfer pictures and files to and from SD and micro SD memory cards.

USB-C Power Delivery Pass-Through port 60W

The USB-C Pass-Through port supports power delivery 60W. The notebook is always charged with the right amount of power thanks to the pre-defined Power Delivery profiles. The charger communicates with the notebook to negotiate the most effective charging profile.
