With the Eminent EM4544 Wireless 300N Router you can share your Internet connection at high speed (up to 300 Mbps). This powerful Wireless Router with 2 ports has will increase your Wireless 300N significantly. Connect multiple users, the WDS or Wireless Enjoy the speed of a wireless network and share your Internet connection easily. Thanks to the blazing speed, the Wireless Router is perfect for playing online games and distributing videos, music and photos.

Extra SSIDs can be added and isolated if needed. This allows you to quickly set up a secondary wireless network for guest users. This is an ideal solution for business locations that need to keep clients separated from the company network.

The Eminent EM4544 Wireless 300N Router is backwards compatible with 54Mbps and 11Mbps devices, so you can still use your existing wireless network adapter to connect. To gain maximum wireless speed and range we advise you to use an Eminent 300Mbps network adapter.
