### Infrared camera for monitoring outdoor and indoor areas!

The Eminent Outdoor/Indoor Infrared Security Camera is a solid infrared camera, with a strong waterproof housing. The security camera enables you to watch images in a 70 degrees angle. With this security camera you can monitor indoor and outdoor areas securely and comfortably. The housing is IP68 approved, which means it is completely sealed for dust and water. Would you like to keep an eye on your building during the night? Thanks to the infrared leds the camera can still see up to 15 meters in dark areas. The Eminent Outdoor/Indoor Infrared Security Camera comes complete with sun shield and mounting bracket for wall or ceiling mounting. In order to record images, the Eminent Outdoor/Indoor Security Camera should be connected to a security recorder. Connect the camera to the Eminent EM6010 Security Recorder for optimal security options.
