

FEATURES AND SPECIFICATIONS

Punch Down Termination Tool

Features and Benefits

The Molex Punch Down Tool is an easy to use industry standard tool, that provides reliable terminations. The tool is compatible with DataGate, RJLP, KATT and 110 style IDC connectors. The product features an adjustable impact wheel for high and low impact settings (all Molex connectors require the low impact setting). The blade locks into place easily and is stored in the handle when not in use. The product is shipped with a single blade.

Material

Handle: Heavy Duty Nylon
Blade: Hardened Steel
