Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact your local reseller for assistance.

CAUTION

- Use with products heavier than the rated weights indicated may result in instability causing possible injury.
- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided and **DO NOT OVER TIGHTEN** mounting screws.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

Required for Installation

Component Checklist

left cover
A

right cover
B

middle base
C

fastener
D

universal plate
E

adapter bracket
F

cable cover
G

IMPORTANT: Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact your place of purchase for a replacement.

Package M

1. Assembling the Base

Attach the right base to the middle base and secure with screws(P). Repeat this step for the left base.

NOTE: Lock the brakes on the casters to avoid any sudden movements during installation.
Each castor can be adjusted independently for fine tuning adjustments. Slightly turn the nut to lower or raise the base.

2. Attaching the Column to the Base

Attach the column to the base using the screws and washers.

Pull the pin outwards and pull the inner column upwards at the same time, until the inner column is pulled to the desired height then release the pin to secure.

3. Attaching the Universal Plate to the Column

Attach the universal plate to the column using the appropriate screws.

4. Installing the Adapter Brackets

4-1 For Flat Back Screens

M-A		M-B		1:1
M-F				

4-2. For Bump-out or Recessed Back Screens

M-C		M-D		1:1
M-E		M-F		
M-G		M-H		

Note: Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen.
 • Position the adapter brackets as close as possible to the center of the display.
 • Screw the adapter brackets onto the display.

Tighten all screws but do not over tighten.

5. Hanging the Display onto the Universal Plate

6. For Landscape or Portrait View

7. Angle Adjustment

8. Installing the Camera Shelf

9. Installing the Shelf

10. Installing the Cable Covers

11. Cable Management

Route the cables through the cable covers.

Maintenance

- Check that the bracket is secure and safe to use at regular intervals (at least every three months).
- Please contact your reseller if you have any questions.

12. Adjustment

- It is recommended to adjust the columns to the desired height before installing the display.
- If you want to adjust the columns height after finishing the display installation. Please remove the shelf, then adjust the columns to the desired height.

Maintenance

- Check that the bracket is secure and safe to use at regular intervals (at least every three months).
- Please contact your reseller if you have any questions.
