## 1.0 Introduction

Congratulations with the purchase of this high-quality Eminent product! This product has undergone extensive testing by Eminent's technical experts. Should you experience any problems with this product, you are covered by a five-year Eminent warranty. Please keep this manual and the receipt in a safe place.

*Register your product now on [www.eminent-online.com](http://www.eminent-online.com) and receive product updates!*

### 1.1 Packing contents

The following parts need to be present in the packing:

- EM8620 RFID Tag
- Manual

## 2.0 Register a new RFID-tag to EM8610

Enter the password and press  button on the control panel.

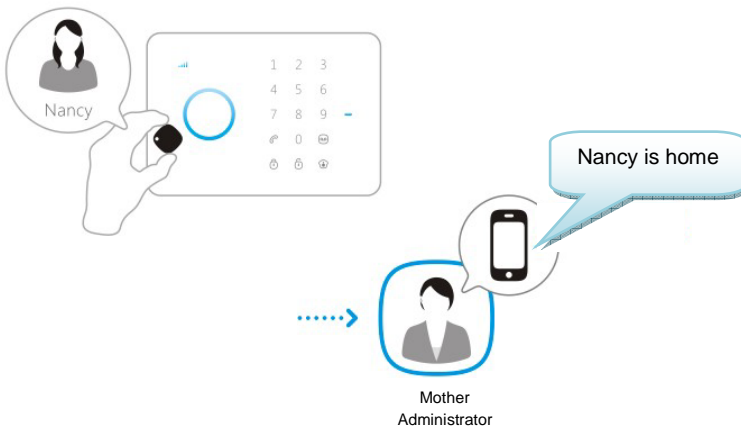

The LED will turn on. Now add the RFID-tags piece by piece by holding the RFID tag close to the receiver (circle left of num. pad). If you hear a beep the RFID-tag is registered to the system. If you hear 2 beeps this indicates this RFID-tag is already registered.

*Remark: for registering RFID-tag to the EM8622 keypad please refer to the manual of the EM8622.*

### 3.0 RFID-tag

With the RFID tag you can disarm the system. You can also assign a name to the RFID-tag so you will receive a text message with the name of the person that disarmed the alarm.

Remark: To activate this function you need to store a text message number and activate the RFID-tag text message function.

*Remark : Users can only receive a notification if a mobile-number is stored and the RFID-tags have a name stored.*

### 4.0 Disarm using RFID-tag

Hold the RFID-tag close to the RFID-reader (circle left of the number pad). You will hear a beep to notify you the system is disarmed. Notice: This feature will only work when the device is powered by the power adapter and is disabled when working on backup batteries.

*Remark : RFID-tags can only be used to disarm the system not to arm the system.*

*Remark : When the device is not powered by the power supply you cannot disarm the system using the RFID-tag.*

### 5.0 Configure RFID-tag message number

This phone number will receive a text message when the alarm system is disarmed by using a RFID-tag.

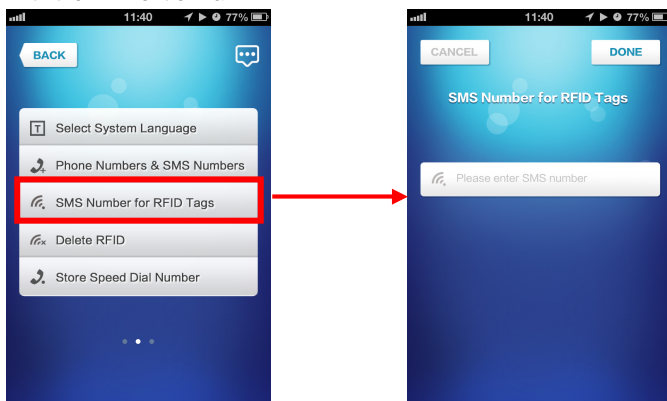

SMS No. For RFID tags (0-20 digits):  
1.

Copy above text into a new text message, modify the text and send the text message to the GSM-number of the alarm system:

SMS No. For RFID tags  
(0-20 digits):  
1.00446123654789

Store SMS No. For RFID tags  
successfully.

With the Eminent e-Alarm APP :

## 6.0 Change RFID tag identity

This feature gives you to possibility to add/edit the names of RFID-tags.

Change RFID tags SMS notice:

- 1.
- 2.
- 3.
- 4.

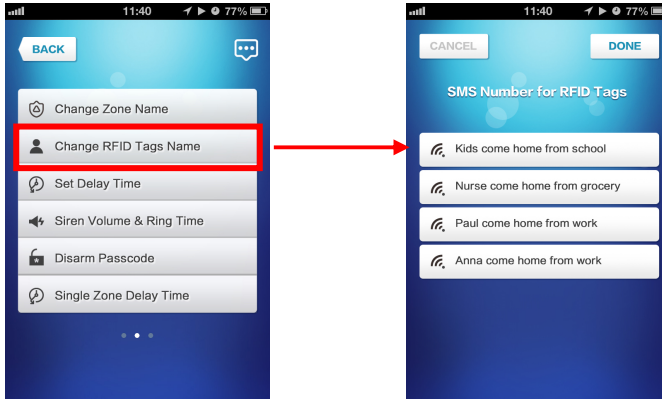

Copy above text into a new text message, modify the text and send the text message to the GSM-number of the alarm system:

Change RFID tags SMS notice:

- 1.Jan
- 2.Chris
- 3.Nancy
- 4.John

Change RFID tags SMS notice  
successfully.

With the Eminent e-Alarm APP :

## 7.0 Delete all RFID tags by text message

## 8.0 Frequently Asked Questions and other related information

The latest Frequently asked questions for your product can be found on the support page of your product. Eminent will update these pages frequently to assure you have the most recent information. Visit [www.eminent-online.com](http://www.eminent-online.com) for more information about your product.

## 9.0 Service and support

This user's manual has been carefully written by Eminent's technical experts. If you have problems installing or using the product, please fill out the support form at the website [www.eminent-online.com/support](http://www.eminent-online.com/support).

You can also contact us by phone. Please check [www.eminent-online.com/support](http://www.eminent-online.com/support) for the helpdesk phone number and opening hours.

## 10.0 Warning and points of attention

Due to laws, directives and regulations set out by the European parliament, some (wireless) devices could be subject to limitations concerning its use in certain European member states. In certain European member states the use of such devices could be prohibited. Contact your (local) government for more information about this limitations.

Always follow up the instructions in the manual\*, especially where it concerns devices which need to be assembled.

Warning: In most cases this concerns an electronic device. Wrong/improper use may lead to (severe) injuries!

Repairing of the device should be done by qualified Eminent staff. The warranty immediately voids when products have undergone self-repair and/or by misuse. For extended warranty conditions, please visit our website at [www.eminent-online.com/warranty](http://www.eminent-online.com/warranty).

*\*Tip: Eminent manuals are written with great care. However, due to new technological developments it can happen that a printed manual does not longer contain the most recent information.*

*If you are experiencing any problems with the printed manual or you cannot find what you are looking for, please always check our website [www.eminent-online.com](http://www.eminent-online.com) first for the newest updated manual.*

*Also, you will find frequently asked questions in the FAQ section. It is highly recommended to consult the FAQ section. Very often the answer to your questions will be found here.*

## 11.0 Warranty conditions

The five-year Eminent warranty applies to all Eminent products, unless mentioned otherwise before or during the moment of purchase. After buying a second-hand Eminent product the remaining period of warranty is measured from the moment of purchase by the product's initial owner. Eminent warranty applies to all Eminent products and parts, indissolubly connected or mounted to the product it concerns. Power supply adapters, batteries, antennas and all other products not directly integrated in or connected to the main product or products of which, without reasonable doubt, can be assumed that wear and tear during use will show a different pattern than the main product, are not covered by the Eminent warranty. Products are not covered by the Eminent warranty when exposed to incorrect/improper use, external influences or when opening the service parts of the product by parties other than Eminent. Eminent may use refurbished materials for repair or replacement of your defective product. Eminent cannot be held responsible for changes in network settings by internet providers. We cannot guarantee that the Eminent networking product will keep working when settings are changed by the internet providers. Eminent cannot guarantee the working of web services, apps and other third party content that is available through Eminent products. Eminent products with an internal hard disk have a limited warranty period of two years on the hard disk. Eminent could not be held responsible for any data lost. Please make sure that if the product stores data on a hard drive or other memory source, you will make a copy before you return the product for repair.

### When my product gets defective

Should you encounter a product rendered defective for reasons other than described above: Please contact your point of purchase for taking care of your defective product.
