## 1.0 Warranty conditions

The five-year Eminent warranty applies for all Eminent products unless mentioned otherwise before or during the moment of purchase. When having bought a second-hand Eminent product the remaining period of warranty is measured from the moment of purchase by the product's first owner. The Eminent warranty applies to all Eminent products and parts indissolubly connected to and/or mounted on the main product. Power supply adapters, batteries, antennas and all other products not integrated in or directly connected to the main product and/or products of which, without reasonable doubt, can be assumed that wear and tear show a different pattern than the main product are not covered by the Eminent warranty. Products are not covered by the Eminent warranty when exposed to incorrect/improper use, external influences and/or when opened by parties other than Eminent.

## 2.0 Introduction

Congratulations on your purchase of this high-quality Eminent product! This product has undergone extensive testing by Eminent's technical experts. Should you experience any problems with this product, you are covered by a five-year Eminent warranty. Please keep this manual and the receipt in a safe place.

## 2.1 Functions and features

The EM6025 is a compact outdoor camera with infrared function. This camera conforms to the IP68 standard, meaning that the camera is water and dust proof. This makes the camera perfectly capable of observing objects in the outdoors, such as the entrance of an office building, a parking lot or a cycle shed.

Thanks to the built-in infrared function you can realize up to 15 meters of sight under bad lighting situations.

## 2.2 Package contents

The following parts need to be present in the packing:

1. EM6025 Camera
2. Mounting set, consisting of 1 mounting stand, 3 screws and 3 plugs.

*Note: Connecting the EM6010 DVR unit requires a combined Coax/power cable, type EM6040. You can order the EM6040 from your Eminent-dealer.*

## 3.0 Mounting the camera

The EM6025 is meant to be mounted to the wall or ceiling. Follow the instructions below to be able to use the camera in combination with the Eminent EM6010 DVR unit:

1. Remove both the camera and the mounting stand from the package.
2. Use the mounting stand to mark three holes on the location where you wish to mount the camera (You can temporarily mount the camera to the stand to pinpoint the best location).
3. Drill three holes and fill them with three mounting plugs.
4. Mount the camera stand to the wall using three screws.
5. Adjust the camera so that the location you wish to observe is clearly visible.
6. After the camera has been adjusted you can fasten the clamp to the stand.
7. If the view of the camera is hindered by sunlight, you can slide the plastic sun cover back or forth.
8. Connect a video cable (BNC) and power cable to the camera.
9. Connect the other end of the video cable to your EM6010.
10. The video cable needs to be connected directly to one of the four ports of the EM6010.
11. The power cable needs to be connected to the distribution block (supplied with the EM6010) supplying the camera with 12 Volts AC.
12. Setup your EM6010 DVR for using this camera (consult the manual of the EM6010 for details).
13. The camera is now ready for use.

*Hint: The EM6025 itself is water and dust proof, but the plugs that connect to the camera are not. Make sure these do not get wet. Hide and protect them using, for instance, isolation materials.*

## 4.0 Service and support

This manual has been carefully written by Eminent's technical experts. If you have problems installing or using the product, please contact [support@eminent-online.com](mailto:support@eminent-online.com).

# Declaration of Conformity

To ensure your safety and compliance of the product with the directives and laws created by the European Commission you can obtain a copy of the Declaration of Conformity concerning your product by sending an e-mail message to: [info@eminent-online.com](mailto:info@eminent-online.com). You can also send a letter to:

Eminent Computer Supplies  
P.O. Box 276  
6160 AG Geleen  
The Netherlands

Clearly state 'Declaration of Conformity' and the article code of the product of which you would like to obtain a copy of the Declaration of Conformity.
