5x1 HDMI Switch
Display five separate HDMI sources on one TV

DESCRIPTION

With the 5x1 AB7819 HDMI switch, it is possible to display 5 HDMI sources on one TV/monitor. Switching between the sources is easy with the supplied remote control. The AB7819 switches automatically to the first available source thanks to the auto-input-sensing. The Eminent HDMI switch has a built-in infrared receiver. The maximum (3D) resolution is 1080p @ 60 Hz and 4K resolution: 3840x2160 @ 30Hz.

Display five HDMI sources on one TV
Use the AB7819 5x1 HDMI Switch for sharing multiple video sources on a single TV during presentations or meetings. The AB7819 supports Auto-Input-Sensing which enables the switch to automatically select the first source available. With the included remote control you can easily select the HDMI source that should be displayed in full screen. The AB7819 is equipped with status LEDs that show which sources are connected.

Connecting your devices
Connect the video sources with High Speed HDMI cables to the HDMI input ports of the AB7819 HDMI Switch. Connect a TV/monitor with a High Speed HDMI cable to the output port of the switch. The maximum recommended length for HDMI cables is 5 meters. The AB7819 needs an external AC adapter that is enclosed in the package.
