

**Switching Software Client for Windows/Mac included!****HDMI and HDCP compliant****4 x USB 2.0 device hub ports for high-speed USB devices****IR Remote Control Capable****4-port Compact Desktop HDMI USB KVM Switch w/ IR Remote Control****Push button, keyboard hotkeys and Switching Software client for switching operation****UHI-CP04A HDMI USB KVM Switch  
w/ IR Remote Control**

The UHI-CP04A HDMI USB KVM Switch is a 4-port compact desktop HDMI USB KVM Switch with IR remote control. It allows you to access, control, boot and reboot four HDMI-enabled multimedia computers with only one USB keyboard, mouse, monitor and optional speaker set, using the Switching Software Client installed on your PCs or Macs. It is also enabled with IR remote control, so that you can select your computer using the IR remote controller.

**UHI-CP04A - Front View****UHI-CP04A - Rear View****HDMI and HDCP compliant for High-Definition video enjoyment**

This HDMI USB KVM Switch supports biggest resolution up to 1080p (HDTV) /1920 x 1200 (DVI Digital Video). It also supports HDCP (High-bandwidth Digital Contents Protection).

**Switching Software Support for PC and Mac**

The UHI-CP04A also provides Switcher Software for PC and Mac. The software switcher can show you the current active computer and allows you to select computer as well as configure keyboard hotkeys. It appears as an icon on the system tray of your Window/Mac desktop, and will change its number icon upon switching to show the active computer port. Using this small client software, it will give KVM users utmost convenience and control.

**Multi-channel audio support**

The HDMI interface has integrated multi-channel audio within and hence users can enjoy high-definition sound that comes from a single HDMI cable. The UHI-CP04A allows you to leverage the multimedia systems on each of your two HDMI-enabled computers. You can monitor the audio input of each computer for maximum convenience.

**USB 2.0 compliant for USB keyboard, mouse and high-speed device sharing**

The USB 2.0 interface offers multi-platform support for PC, Macintosh G3/G4/G5 MAC and PowerBook. In addition to the 2 x USB 1.1 keyboard and mouse connectors, it also offers 4 x USB 2.0 device hub ports that allow high-speed connections to USB 2.0 devices such as USB storage or webcam, etc. The KVM Switching Software client supports both Windows/Mac platforms.
