

# 48 Volt 3.12 Amp Power Supply

The Atlona **AT-PS-483125-C** is a 48 volt, 3.12 amp power supply. This compact power supply measures 7.2" x 3" x 1.6" (183 x 76 x 40 mm), features an IEC power cable connector and a long, attached cable terminated for a two-pin captive screw connector. It provides a convenient means of powering up to four UHD-EX series when used in a Power Chaining configuration. See UHD-EX Series Manual for full details.

## Compatible UHD-EX Series Extender Transmitters

Up to four of the following extender transmitters can be combined and powered by the AT-PS-483125-C power supply:

- [AT-UHD-EX-70-KIT](#)
- [AT-UHD-EX-70C-KIT](#)
- [AT-UHD-EX-70C-TX](#)
- [AT-UHD-EX-100CE-KIT](#)
- [AT-UHD-EX-100CE-TX](#)
- [AT-UHD-EX-100CEA-KIT](#)

## Specifications
