

## 5 Port Gigabit Networking Switch

**TECHNICAL SPECIFICATIONS:**

Standards: IEEE 802.3 10BASE-T, IEEE 802.3u 100BASE-TX, IEEE 802.3ab 1000BASE-T

Data transfer rate: 10/100/1000Mbps

Ports: 5x 10/100/1000Mbps RJ-45 ports

Transmission method: Store-and-forward

Power: AC 9V/1.2A

LED indicators: Power, Link/Activity, 100/1000Mbps per port

Dimensions (WxDxH): 158x106x27 mm

Casing material: metal

**SYSTEM REQUIREMENTS:**

100/1000Mbps network

Suited for Windows, MAC OS and Linux

EAN CODE: 8716065100082

### Create a high speed network for file sharing and Internet

"Due to the constantly increasing demand for bandwidth thanks to audio and video applications, internet websites full of interactive content and internal applications, the demand for high-speed networking solution rises as well. Eminent offers an attractive way to prepare your computer for the future in networking: the Gigabit network. With data transfer speeds up to 1000Mbps a Gigabit network offers enough 'room' for even the largest applications.

The Eminent 5 Port Gigabit Networking Switch allows you to set up a network fast and easy. The Gigabit Networking Switch has 5 independent 100/1000Mbps ports supporting full-wire speed transmissions in half or full duplex modes. Do you wish to offer quick network or Internet access to all users? The Gigabit Networking Switch achieves optimal performance, thanks to the N-Way auto-negotiation function. The Gigabit Networking Switch can automatically choose the correct speed. Cross-over detection ensures that users can connect the switch to another switch or hub without needing to connect a crossover cable. Perfect for setting up or extending your network!

- Gigabit Networking Switch
- 5x 100/1000Mbps ports
- Automatic cross-over detection
- Power supply included
- LED on each port for link, activity and speed
- Easy installation
- 5-Year warranty
- Accessible helpdesk
- Multilingual user manual

## Always a solution for you!
