

## Kanvus Artist 127 (Kanvus Artist 127) Exploit Your Artistry!

### Overview

#### Direct and Intuitive

Use Kanvus Artist 127 as an ergonomic alternative to any regular mouse to navigate your computer. After all, holding a pen is much easier on the hand than using a mouse.

#### Retouching Magic

Preserve wonderful experiences, by using Kanvus to retouch your photos, add important handwritten notes and input your personal flair.

#### Scribble, Doodle, and Edit via Pen Input

Instead of sending messages via typing, utilize your Kanvus to scribble, and doodle the MSN messages. When proofreading or editing, use Kanvus to annotate directly on all MS Office documents.

#### Truly Hand-drawn

Let Kanvus be the gadget to swiftly express your creativity, imagination and artistry. Every dab and stroke will be created with ease and grace!

#### Fast and Personalized Hotspots

Personalize your desktop behavior by utilizing the hotkeys and hotspots, which could be programmed to launch your most-used files or programs, hyperlink the websites and convenient shortcuts.

#### Handwriting Recognition on Windows Vista/7

As the importance of intuitive input grows, Windows Vista and Windows 7 are designed with easy-to-use inking applications. Kanvus Artist 127 is the perfect solution to be used on these applications.
